Experience

Consumer Service Intern (6 months), Internship Studio – Dehradun, Uttarakhand

- Assisted customers with inquiries, issue resolution, and service support while maintaining customer satisfaction.
- Improved response efficiency and developed strong communication and problem-solving skills.

Freelance Video Editor

2024 – Present

- Edited short-form and long-form content for social media using professional video editing tools.
- Applied transitions, motion graphics, audio syncing, and color correction to improve engagement.

Education

Graphic Era University, Dehradun

2023 - 2026

- Bachelor in Computer Applications, CGPA: 8.4

Times World School, Dehradun

2022 - 2023

- 12th, Aggregate: 72.25

Times World School, Dehradun

2020 - 2021

- 10th, Aggregate: 77.77

Skills

Programming Languages: Java, C++, C, Python, JavaScript

Frontend Technologies: React.js, Tailwind, Bootstrap, EJS, CSS, HTML

Backend Technologies: Node.js, Express, MongoDB, MySQL

Tools & Technologies: Git, GitHub, VS Code, Vite, Capcut, ElevenLabs

Computer Fundamentals: Operating System, Object Oriented Programming, Database Management System

Projects

AI-Powered Student Attendance Management System | TensorFlow.js, Node.js, Express.js, WebRTC, MongoDB, Tailwind CSS

- Built an AI-powered attendance system using Node.js, Express.js, and TensorFlow.js with real-time face recognition for automated student attendance tracking.
- Integrated WebRTC for live video processing and reduced manual attendance management time by over 80%.
- Developed a responsive dashboard using Tailwind CSS and stored attendance logs securely in MongoDB.

Flappy Bird Game Clone | Unity, C#, Game Physics, UI Design

- Developed a 2D Flappy Bird-inspired game using Unity and C# with obstacle spawning, collision detection, and score tracking systems.
- Implemented smooth gameplay mechanics, responsive UI screens, and optimized game performance for seamless cross-device execution.
- Applied object-oriented programming principles in C# to create modular and maintainable game components.

Achievement

- Achieved Specialist rank on Codeforces with a (Highest Rating: 1400+)
- Achieved Knight rank on Leetcode with a (Highest Rating: 1800+)
- Achieved 3-star rating on CodeChef (Highest Rating: 1700+)
- Secured 2nd rank globally in Starters 193 among 5000+ participants in a CodeChef contest.
